Software Developer, Athens (Hybrid)

Join us during a time of rapid growth and exciting change as we expand our range of features and products as well as our customer base!

The Company

Greycon is the leading provider of supply chain planning, production scheduling, trim optimisation and manufacturing execution systems for roll-based & flat sheet industries. We operate throughout the world. Our strength is the extensive range of specialist software solutions for Paper & Board, Metal, Nonwoven, Film & Flexible Packaging, Converting, and Printing & Additive Manufacturing industries supported by powerful optimisation algorithms and a highly experienced team.

The Team

You will be part of an international team, interacting with colleagues in Greece, Uruguay, UK, USA, China, Finland, France and more, to create software used in different regions of the world. Our dev team is an Agile team and works in sprints, closely with the Product Owner, Team Leader and QA team.

The Role

The role of a Software Developer in Greycon includes a combination of:

- Coding, doing peer reviews and writing tests
- Analysing requirements and designing solutions
- Collaborating with people from other teams in matters related to the products

Requirements

We are looking for a **Software Developer** to join our development team based in **Athens**. The requirements for this role are:

- Exposure to .Net development using C#
- Understanding of Object-Oriented Programming and Relational Databases
- Able to communicate in English

A Computer Science / Software Engineering degree (or similar qualification) is a plus, but advanced students are also welcome. Previous working experience is advantageous but not mandatory.

Benefits

- Hybrid work model (work from the office and remotely)
- Competitive salary (+ bonus schema)
- Health and life insurance (Gold package)
- Unlimited Pluralsight access and continuous training
- Supportive team for your onboarding
- Work life balance is main part of our culture

To apply for this position please submit your CV (in English) to Mrs. Katerina Michalaki (km@greycon.com) with the subject title "Software Developer".

Greycon is committed to equal employment opportunities. All qualified applicants will receive consideration for employment and will not be discriminated against on the basis of race, color, gender, national origin, age, religion, disability, sexual orientation, gender identity or gender expression.
