---

At Universidad Camilo José Cela we are committed to helping students from all walks of life experience and fall in love with the Spanish language and culture. We have extensive experience in welcoming students from all over the world and helping them to make the most of their time at our university. We believe total language immersion is key to helping you learn as much as possible, as quickly as possible. Our teachers use a range of dynamic and exciting communicative methodologies to ensure each class is informative, interactive and challenging.

We also facilitate the learning of “real Spanish” by combining textbooks with authentic material such as articles, videos and songs. We offer various levels of classes to help us cater to your individual learning needs, and we expertly combine the four main skills in all of our lessons; speaking, listening, reading and writing. Our classes have a maximum of twenty students, meaning you receive a personalised service and the teacher can quickly address any questions you might have. Our classrooms are also equipped with the latest technology to facilitate learning using interactive whiteboards and high-quality audio equipment.
