

Accutech is a state-of-the-art, customer-centric, digital transformation and advanced IT/AI solutions company based in Athens, Greece.

We are proud to have put together one of the most talented IT teams in the country, boasting specialists from cybersecurity, networking, data management and the entire spectrum of the Digital World – a team that remains one step ahead, on the cutting edge of engineering developments.

Our clients choose us time and again because the solutions we design and deploy are bespoke, scalable and adaptable, always taking into account their aims and circumstances. Since our founding in 2009, we have forged prestigious alliances with the cream of the crop of international vendors in enabling and protecting digital infrastructure, so we can serve them better.

The Opportunity

We are looking for an enthusiastic, result-driven and can-do attitude professional who will work closely with the Technical Team. Constantly learning new things, updating your knowledge and researching on new Digital/Cloud technologies will be part of your daily basis. Accutech strongly encourages personal development and invests in new learning.

Key Responsibilities

- Deploy, Administrate/Operate and Support SD Digital Infrastructures (Cloud, Hybrid and Physical computing services).
- Regularly review existing systems and make recommendations for improvements based on New Technologies adapted to Customer's Environment.

Minimum Qualifications and Skills Required

- Msc Engineering Degree in Computer Science or/and Electrical Engineering preferably NTUA and UPatras Polytechnic School graduates.
- Good command of the English Language (written & verbal).
- Basic Knowledge of Common OS and Cloud Platforms.
- Good communication and presentation skills.
- Problem solving and troubleshooting skills.

- Ability to multitask, prioritize and work independently.
- Fulfilled military obligations.

What We Offer

- Continuous training and certification
- Competitive salary
- Rewards based on skills
- Pleasant working environment
- Professional development
- Health & Life insurance
